File No. 101988-00025

AFFIDAVIT OF ILYAS CHAUDHARY

Sworn on October 8, 2025.

I, ILYAS CHAUDHARY, of Santa Anna, California, SWEAR AND SAY THAT:

1. I am the sole director and the President of Blue Sky Resources Ltd. ("**Blue Sky**"). I am responsible for oversight of the accounting, engineering, production, land, compliance, and M&A staff. As such I have personal knowledge of the matters hereinafter deposed to except where stated to be based upon information and belief, in which case I believe the same to be true.

Background

2. Blue Sky is an oil and gas exploration company with assets in Alberta and British Columbia ("**BC**"). The Chaudhary Family Trust is the sole beneficial owner of Blue Sky, although ten percent of Blue Sky's shares are held through a company that I own named Blue Sky International Holdings, Inc..

My wife and I are the trustees of the Chaudhary Family Trust Attached hereto as **Exhibit "A"** is a copy of the Alberta Corporate Registry Search for Blue Sky, dated September 19, 2025.

3. As at October 4, 2025 Blue Sky employs 19 employees, and 23 contractors, including 15 contractors for field operations.

4. Below is a table setting out Blue Sky's licenses and working interests in oil and gas assets in Alberta, BC and Saskatchewan BC (including abandoned wells):

	AB	BC	SK	Total
Operated Wells	3,383	252	16	3,651
Non-Operated Wells	3,013	411	681	4,105
Total Wells	6,396	663	697	7,756
Licensed Pipelines	156	2,410	0	2,566
Licensed Facilities	683	62	3	748

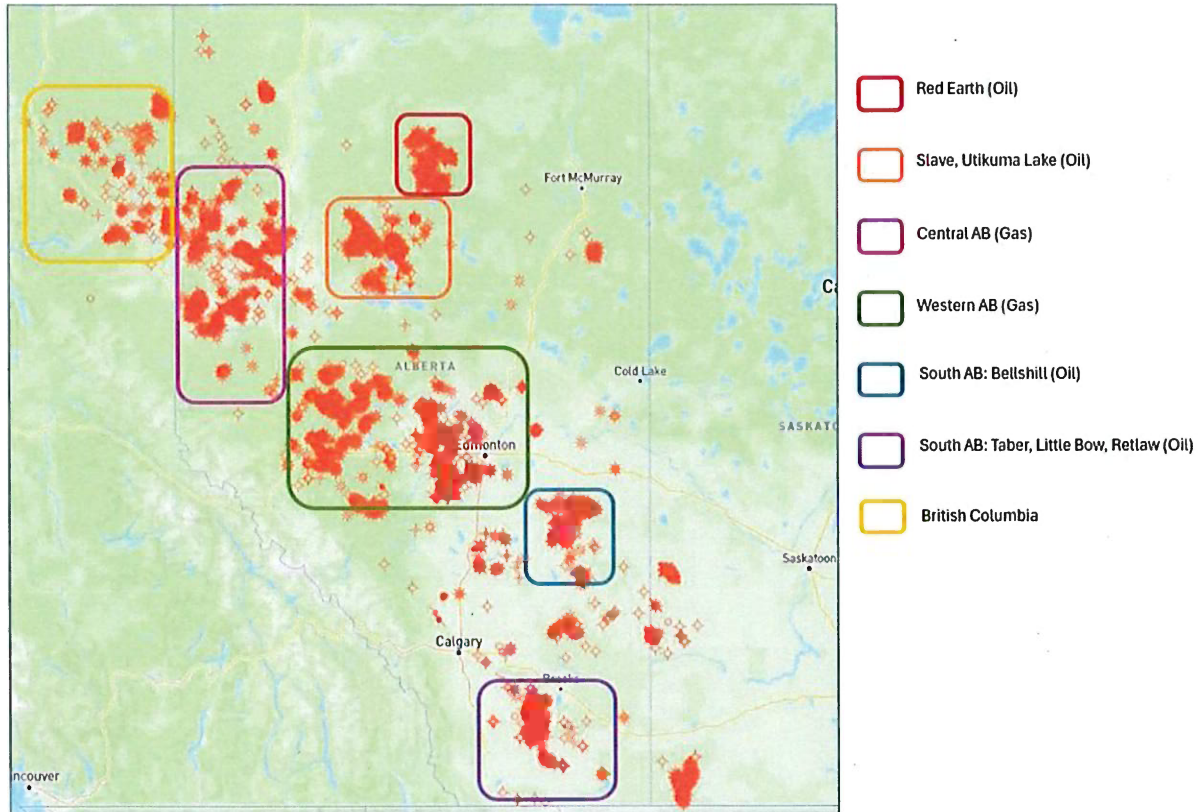

5. As at October 1, 2025, Blue Sky has daily oil and gas production of 2,850 boe/d, which is approximately 62%:38% gas-to-oil ratio.

6. As is discussed further below, about 600 boe/d of production was shut-in on or around May 30th as a result of forest fires in the Red Earth, Slave Lake and Utikuma Lake regions. Blue Sky has been unable to reactivate most this production, in part, due to its current financial difficulties.

7. The table below sets out Blue Sky's daily production by area, and the map below illustrates the geographic location of each of Blue Sky's producing areas.

Area	Production (boe/d)
Red Earth	299
Slave, Dawson, Nipisi	71
Utikuma Lake	35
Central Alberta (Columbia)	2
Central Alberta (Pass Creek)	466
Central Alberta (other)	761
Western Alberta	629

South Alberta	267
British Columbia (Boundary L.)	230
British Columbia (other)	91
Total	2,850

8. Blue Sky's net abandonment and reclamation obligations ("**ARO**") are estimated to be \$196,979,900 in Alberta, \$ 15,603,859 in BC and \$ 361,656 in Saskatchewan.

Blue Sky's Liabilities

The Secured Loan Agreement

9. Pursuant to a credit agreement dated July 24, 2024 between Blue Sky, as borrower, and ACES Canada SPV III ULC, as agent for a group of lenders (collectively, the "**Secured Lenders**" and such agreement being the "**Credit Agreement**"), the Secured Lenders advanced a loan in the amount of USD \$16,250,000 (the "**Loan**") to Blue Sky. The Loan is secured against a portion of Blue Sky's oil and gas assets located in the Red Earth region (the "**Secured O&G Assets**").

am

10. The Secured Lenders registered their security at the Alberta Personal Property Registry ("**PPR**"), and as against certain of Blue Sky's mineral leases. Attached hereto as **Exhibit "B"** is a copy of a search result of the PPR in respect of Blue Sky dated September 24, 2025.

11. In accordance with the terms of the Credit Agreement, Blue Sky's repayment obligations have been satisfied by providing the Secured Lenders with the monthly revenue generated from the sale of 250 barrels of oil per day of production, "in kind", from the Secured O&G Assets.

12. As of the date of this affidavit, Blue Sky is current on its financial obligations under the Credit Agreement. The aggregate of the repayment obligations owing under the Credit Agreement is approximately USD \$20 million, on an undiscounted basis. To date, Blue Sky has paid the Secured Lenders approximately \$9,650,987 million in respect of the Loan.

Unsecured indebtedness

13. As of September 24, 2025 (being the date that Blue Sky filed its Notice of Intention to Make a Proposal), Blue Sky owed unsecured obligations of approximately \$25,000,000. These obligations mainly relate to arrears owing to various vendors, service providers as well as surface lease obligations owing to land owners. A copy of the creditor list that was circulated as part of Blue Sky's creditor package (the "**Creditor List**") is attached hereto as **Exhibit "C"**. Note that the Creditor List also includes the secured obligations owing to the Secured Lenders under the Credit Agreement.

Statutory and regulatory obligations

14. Blue Sky owes the following amounts in respect of statutory and regulatory obligations:

- (a) \$817,972.91 to the Alberta Energy Regulator ("**AER**") in respect of outstanding levies;
- (b) \$8,592,583 to the AER for additional security deposits;
- (c) Approximately \$2.5 million to various municipalities for municipal tax arrears;
- (d) Approximately \$800,000 to the Canada Revenue Agency for GST and corporate tax arrears;
- (e) \$1,872,563.84 for gas royalties;
- (f) \$1,858,621 to the BC Crown owing in respect of oil, gas and carbon tax royalties; and

am

- (g) \$262,412.13 to the BC Energy Regulator in respect of outstanding orphan and pipeline levies.

The Financial Difficulties

15. Blue Sky's financial difficulties began in September of 2024, and have been caused by several contributing factors, namely:

- (a) On September 3, 2024, the AER issued a reasonable care and measures order (the "**RCAM Order**") to Blue Sky in response to releases that had occurred from pipelines licensed to Blue Sky (some of which occurred prior to Blue Sky acquiring the pipeline), and in response to concerns that had been raised regarding Blue Sky's pipeline integrity program. Under the RCAM Order, Blue Sky was required to, among other things, complete delineation of one of the releases, provide a risk assessment to the AER for all of Blue Sky's pipelines, develop a plan to identify all risks in its pipelines, and address and rectify all non-compliances identified by the AER. Blue Sky estimated that the costs associated with performing the requirements of the RCAM Order would be approximately \$3,000,000.
- (b) The AER required Blue Sky to perform approximately \$8,000,000 of abandonment and reclamation work on its inactive well inventory during 2024, which reduced Blue Sky's available cash flow.
- (c) Beginning in February of 2025, natural gas prices dropped substantially, which has adversely affected Blue Sky's revenue, given that it is a gas-weighted E&P company;
- (d) Forest Fires in northern Alberta required Blue Sky to shut in approximately 600 boe/d of production. As a result of fire damage and vandalism to Blue Sky's equipment, Blue Sky has been unable to reactivate most of this shut-in production, which has significantly impaired Blue Sky's ability to generate revenue.

16. On July 31, 2025, the AER issued an Order (the "**Security Order**") under section 27 of the *Oil and Gas Conservation Act*, sections 1.120, 1.130, and 1.220 of the *Oil and Gas Conservation Rules*, and section 23 of the *Pipeline Act* requiring Blue Sky to post a security deposit in the amount of \$10,092,583 ("**Security Deposit**"), to be paid over two equal installments due on August 31, 2025 and January 31, 2026. A copy of the Security Order without the Appendix is attached hereto as **Exhibit "D"**.

17. Subsequent to the Security Order being issued, I negotiated with the AER that the first installment of the Security Deposit could be spread out over several payments. Ultimately, the AER agreed to allow the first installment of the Security Deposit to be paid as follows:

- (a) \$1,500,000 to be paid by August 31, 2025;
- (b) \$1,750,000 to be paid by September 30, 2025; and
- (c) \$1,750,000 to be paid by October 30, 2025.

18. On August 31, 2025, Blue Sky paid \$1,500,000 to the AER toward satisfaction of the Security Deposit.

19. On September 10, 2025, the AER issued a garnishment notice to Blue Sky's working interest partners, requiring them any amounts owing to Blue Sky (up to \$817,972.91) directly to the AER for arrears owing in respect of the orphan fund levy.

20. By mid-September, it was clear that Blue Sky would not be able to satisfy its payment for the Security Deposit owing to the AER on September 30, 2025, while also maintaining sufficient funds to ensure the safe operation of its oil and gas assets. As a result, on September 24, 2025, Blue Sky filed a notice of intention to make a proposal under Part III of the *Bankruptcy and Insolvency Act* (the "NOI"). KSV Restructuring Inc. is the proposal trustee (the "**Proposal Trustee**") for Blue Sky under these restructuring proceedings (the "**NOI Proceedings**"). Attached hereto as **Exhibit "E"** is a copy of the certificate of filing for the NOI.

Transaction with Blue Sky Global Energy Corp.

21. As a result of Blue Sky's financial difficulties, Blue Sky executed a letter of intent dated April 15, 2025, for the sale of Blue Sky's 50% interest in its oil and gas assets located in BC (the "**BC Assets**") to Blue Sky Global Energy Corp., which is a publicly traded company listed on the TSX-V under the stock symbol BGE, and on September 19, 2025, changed its name to Saba Energy Ltd. ("**Saba**"). Attached hereto as **Exhibit "F"** is a copy of a search result from Alberta's corporate registry in respect of Saba.

22. The Chaudhary Family Trust is a shareholder of Saba.

23. The purpose divesting of the BC Assets was to reduce the Blue Sky's ARO, since the transaction would remove 663 well licenses, 2,410 pipeline licenses and 62 facility license from Blue Sky's inventory.

24. Blue Sky sold the BC Assets to Saba for a purchase price of \$13,000,000.00 (the "**Purchase Price**"), pursuant to a purchase and sale agreement dated June 25, 2025 as amended by an amending agreement dated July 14, 2025, and further amended pursuant to an amending agreement dated October 7, 2025 (the "**BC PSA**", and such transaction being the "**BC Transaction**").

25. The amending agreement dated October 7, 2025 was entered into for the purpose of altering Saba's payment obligations for the Purchase Price, in order to ensure that Blue Sky maintains its pre-filing cash flow through the NOI Proceedings.

26. Under the terms of the BC PSA, as amended, Blue Sky will retain all production revenue from Blue Sky's 50% interest in the BC Assets being sold in the BC Transaction until such time as the licenses for the BC Assets are transferred from Blue Sky to Saba by the British Columbia Energy Regulator ("**BCER**"). Once the BCER has transferred the licenses (and the associated ARO) to Saba, production revenue from the BC Assets will be split 60:40 as between Saba and Blue Sky.

27. The net production revenue received by Blue Sky from the BC Assets will be applied toward satisfaction of the Purchase Price until the Purchase Price is paid in full.

Administration Charge

28. Blue Sky requires the assistance of counsel and the Proposal Trustee to work through these proceedings and without their continued involvement, Blue Sky will not be able to restructure its affairs. I understand that given Blue Sky's insolvency, providing such professionals with security for the payment of their fees will be necessary for their involvement in the NOI Proceedings.

29. Blue Sky therefore requests a priority charge in the amount of \$500,000 be granted in accordance with the section 64.2 of the BIA in respect of the fees and disbursements of Blue Sky's legal counsel, the Proposal Trustee and its legal counsel, ranking ahead of all other creditors (the "**Administration Charge**").

30. I understand that the Proposal Trustee supports the approval of the Administration Charge.

Extension of Time to Make a Proposal

31. The time to file a proposal expires on October 24, 2025. In order to continue to work towards the formulation and filing of a proposal, Blue Sky requests an extension of the time for filing to November 9, 2025, in accordance with section 50.4(9) of the BIA.

32. Since the NOI was filed, Blue Sky has taken the following steps:

- (a) communicated with various vendors regarding the NOI Proceedings;
- (b) communicated with working interest partners to ensure Blue Sky receives payment for production revenue;
- (c) paid all post-filing obligations that have come due and payable;
- (d) communicated with the AER regarding its expectations for regulatory compliance during the NOI Proceedings;
- (e) communicated with the BCER regarding license transfers;
- (f) downsized staff to reduce overhead costs; and
- (g) worked with the Proposal Trustee to prepare and file its cashflow projections.

33. Blue Sky has acted in good faith and with due diligence since the NOI was filed and will likely be able to make a viable proposal if the extension applied for were granted.

34. To the best of my knowledge, information and belief, none of Blue Sky's creditors will be materially prejudiced if this Honourable Court grants the extension sought.

35. Blue Sky has prepared a 13-week cash flow forecast, which projects a positive cash position at its conclusion, subject to receiving interim financing during the week of November 9, 2025. Attached hereto as **Exhibit "G"** is a copy of Blue Sky's cash flow forecast.

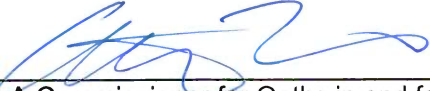

36. Blue Sky is currently exploring options for interim financing to fund its restructuring proceeding. Blue Sky has scheduled time before the Honourable Justice Nielson on November 7, 2025 in anticipation of seeking approval of interim financing, a corresponding interim financing charge, and approval of a sale and solicitation process.

37. I was not physically present before the Commissioner of Oaths when swearing this affidavit, but was linked with the Commissioner of Oaths utilizing video technology, and we utilized the process for remote commissioning of affidavits set out in the Court of Queen's Bench's (as it then was) Notice to the Profession and Public dated March 25, 2025 for swearing and commissioning this affidavit.

38. I make this Affidavit in support of an application for an Order (i) approving the Administration Charge, and (ii) extending the time to file a proposal.

EXHIBIT "D" TO THE AFFIDAVIT OF

ILYAS CHAUDHARY

SWORN OCTOBER 8, 2025

A handwritten signature in blue ink, appearing to be 'Ilyas Chaudhary', is written over a horizontal line.

Commissioner of Oaths and Notary Public
in and for the Province of Alberta

Handwritten initials in blue ink, possibly 'AM', located in the bottom right corner of the page.

Made at Calgary, in the Province of
Alberta, on

July 31, 2025

ALBERTA ENERGY REGULATOR

Under section 27 of the *Oil and Gas Conservation Act (OGCA)*, sections 1.120, 1.130, and 1.220 of the *Oil and Gas Conservation Rules (OGCR)*, and section 23 of the *Pipeline Act*.

Blue Sky Resources Ltd.

800, 215 – 9 Avenue S.W.

Calgary, AB T2P 1K3

(Blue Sky, or the Licensee)

WHEREAS Blue Sky is the holder of business administration code A7XK, and holds well, facility, and pipeline licences granted by the Alberta Energy Regulator (AER, or the Regulator) under the *OGCA* and the *Pipeline Act* (collectively, the Licences);

WHEREAS there is physical infrastructure associated with the Licences, including wells, well sites, facilities, facility sites and pipelines (collectively, the Sites) and whereas Blue Sky is the operator of the Sites as listed in Appendix 1;

Holistic Assessment

WHEREAS under section 2 of AER *Directive 088: Licensee Life-Cycle Management*, the AER will comprehensively assess a licensee (the Holistic Licensee Assessment, or HLA) to inform regulatory decisions regarding the capability of a licensee to meet its regulatory and liability obligations throughout the energy development life-cycle;

WHEREAS the HLA includes the factors listed in section 4.5 of AER *Directive 067: Eligibility Requirements for Acquiring and Holding Energy Licences and Approvals (Directive 067)*, the Licensee Capability Assessment Factors (the LCA Factors) found in section 2.1.1 of *Directive 088*, and any other factors as appropriate in the circumstances;

WHEREAS in 2024, the AER completed a HLA on Blue Sky used to inform the Reasonable Care and Measures (RCAM) Order issued on September 3, 2024;

WHEREAS the AER has continued to monitor and assess Blue Sky, as described in section 2 of *Directive 088*, for compliance and the risk posed by the licensee. The AER uses this information to inform the clauses listed below;

WHEREAS of July 18, 2025, the LCA indicates a low level of financial distress based on 2023 annual financial statements;

WHEREAS Blue Sky has a high magnitude of liability according to the LCA, an estimated \$245,495,047 of total liability;

WHEREAS Blue Sky has an estimated \$149,483,204 inactive liability, equal to 60% of Blue Sky's estimated total liability;

WHEREAS Blue Sky's peer group, Junior-Mixed (as described in Manual 23), has an average inactive liability ratio of 39%;

WHEREAS Blue Sky's inactive liability has increased by approximately \$12 million between July 2024 and July 2025, equal to 8.8% annual inactive liability growth;

WHEREAS Blue Sky has an estimated medium crossover timeline, which is the estimate of the timeframe when magnitude of inactive liability will exceed the forecasted operating cash flow from remaining proven, developed reserves. Manual 23 describes a medium crossover timeline as 3 to 7 years;

WHEREAS Blue Sky has a tier 2 ranking for the closure LCA factor;

WHEREAS Blue Sky's number of abandonments completed has decreased annually for wells, facilities and pipelines, according to the Closure Activity Summary tableau report;

WHEREAS Blue Sky failed to meet the assigned 2025 Mandatory Closure Spend Quota and was required to pay a security deposit. Blue Sky submitted a security deposit of \$1,076,321.00 to the AER on May 14, 2025;

WHEREAS of July 18, 2025, 55.8% of Blue Sky's 918 inactive wells are considered noncompliant with *Directive 013: Suspension Requirements for Wells (Directive 013)*;

WHEREAS of July 18, 2025, of the 918 inactive wells, 170 have been inactive for 20 years or more;

WHEREAS of July 18, 2025, of the 170 wells that have been inactive for more than 20 years, 134 are noncompliant with *Directive 013* and have an estimated total liability of \$10,092,583;

WHEREAS of July 18, 2025, Blue Sky is not a member in good standings with the Western Canadian Spill Services (WCSS);

WHEREAS Blue Sky's 2025 satisfactory field inspection ratio, based on 39 inspections, is 41%. The industry average during this period is 73%;

Financial Health

WHEREAS the 2025 Orphan Fund Levy (OFL) amount assigned to Blue Sky, \$1,068,688.32, was due on May 1, 2025;

WHEREAS on May 20, 2025, Blue Sky requested an extension for the payment of the 2025 OFL to August 29, 2025. The AER responded with required information that Blue Sky would need to provide for AER's consideration;

WHEREAS on May 28, 2025, the AER received a payment of \$441,904.33, which was applied to the outstanding OFL balance;

WHEREAS on June 9, 2025, the AER reminded Blue Sky to submit the required information to be considered for a payment plan. Blue Sky stated they were no longer submitting a payment plan. As a result, no extension was granted;

WHEREAS of June 30, 2025, the AER was aware that Blue Sky has municipal tax arrears of approximately \$2.7 Million;

WHEREAS of July 18, 2025, Blue Sky has an outstanding 2025 OFL balance of \$604,235.25;

WHEREAS of July 18, 2025, Blue Sky has not submitted audited annual financial statements as required in section 5 of *Directive 067*;

WHEREAS on July 25, 2024, Blue Sky provided the AER with draft annual financial statements. These financial statements indicate an increased level of financial distress;

WHEREAS the overdue audited financial statements mentioned above prevents the AER from assessing Blue Sky's financial level of distress as described in *Directive 088*;

Regulatory Action

WHEREAS on July 18, 2024, the AER issued the Environmental Protection Order (EPO) for the release incident number 20241592;

WHEREAS Blue Sky was placed on limited license eligibility on September 3, 2024, due to a determination by the AER that Blue Sky posed an unreasonable risk under section 4.5 of *Directive 067*;

WHEREAS on September 3, 2024, the AER issued the RCAM Order to address growing concerns surrounding Blue Sky's operations;

WHEREAS on November 5, 2024, the AER issued a failure to comply letter to Blue Sky for not meeting commitments made in the remediation plan in relation to the EPO;

WHEREAS on May 8, 2025, the AER issued a failure to comply letter to Blue Sky for not meeting commitments made in the remediation plan in relation to the EPO;

WHEREAS on June 10, 2025, the AER issued a failure to comply letter to Blue Sky for not addressing outstanding noncompliances as required in clause 6 the RCAM Order;

Manager's Assessment

WHEREAS Kaitlin Szacki, Manager, Orphaning and Insolvency, Regulatory Compliance Branch, (the Manager) has the authority to issue orders under the *OGCA*, *OCGR*, and the *Pipeline Act*;

WHEREAS the manager considered Blue Sky's HLA with a focus on the following LCA factors: Blue Sky's high magnitude of liability, Tier 3 ranking in remaining lifespan of resources, and high inactive liability ratio;

WHEREAS the Manager is of the opinion that Blue Sky's level of financial distress is increasing based on outstanding Municipal taxes, outstanding OFL balance, and overdue annual financial statements;

WHEREAS the manager also considered Blue Sky's Limited Eligibility Status per Directive 067 unreasonable risk findings;

WHEREAS the Manager is of the opinion that Blue Sky is at risk of not meeting its future end-of-life closure obligations, and it is appropriate to require Blue Sky to provide a security deposit to offset the estimated costs of abandoning and reclaiming a well or facility and of carrying out any other activities necessary to ensure the protection of the public and the environment;

WHEREAS if a licensee fails to provide a security deposit as required under section 1.120 or 1.130 of the *OGCR*, the Regulator may direct that the operations of the licensee be suspended until the security deposit is provided;

WHEREAS under the *OGCA*, a licensee shall suspend a well or facility when directed by the Regulator or required by the regulations and rules;

WHEREAS under the *Pipeline Act*, a licensee shall discontinue a pipeline when directed by the Regulator or required by the rules;

Therefore, I, Kaitlin Szacki, Under section 27 of the *Oil and Gas Conservation Act (OGCA)*, sections 1.120, 1.130, and 1.220 of the *Oil and Gas Conservation Rules (OGCR)*, and section 23 of the *Pipeline Act*, do hereby order the following:

Security

1. Blue Sky must post a security deposit as described in the payment plan below, in accordance with section 4 of *Directive 068: Security Deposits* in the amount of \$10,092,583.
 - a. **Due August 31, 2025:** 50 percent of the total amount, \$5,046,291.50, must be deposited to the AER.
 - b. **Due January 31, 2026:** The remaining 50 percent, \$5,046,291.50, must be deposited to the AER.
2. Failure to pay by the deadlines will result in the immediate suspension/discontinuation of Blue Sky's operations, as described below.

3. Blue Sky must provide written confirmation to the Manager when the security deposits have been posted.

Suspension/Discontinuation (if the deadlines outlined for clauses 1 are not met)

4. Should Blue Sky fail to meet any of the deadlines for security deposits in clause 1, direction will be issued in the form of a letter by the Manager (the Suspension Direction) to suspend/discontinue all the wells, facilities and pipelines listed in Appendix 1 until otherwise authorized by the Manager.
5. All wells and facilities listed in Appendix 1 must be suspended in a manner following safe industry practices and acceptable to the AER, and the status updated in the appropriate AER system no later than **fourteen (14) calendar days** from the date of the Suspension Direction.
6. All pipelines listed in Appendix 1 must be discontinued following safe industry practices and in accordance with the Pipeline Act and the Pipeline Rules no later than **fourteen (14) calendar days** from the date of the Suspension Direction.
7. Blue Sky shall ensure that any containment devices or equipment, including, but not limited to, tanks, vessels, pipelines, lease piping, sumps, drains, tubs, containers, pits or containment rings on any of the Sites must be depressurized, emptied (with all fluids removed from the site and disposed of in a manner acceptable to the AER) and rendered safe according to AER rules and regulations no later than **fourteen (14) calendar days** from the date of the Suspension Direction.
8. On the issuance of the Suspension Direction, any hazards on the Sites that present a risk to public safety, or the environment must be immediately reported to the AER and addressed in a manner and timeframe acceptable to the AER.
9. Blue Sky must confirm in writing that the above suspensions and discontinuations have occurred, and all containment devices have been emptied, no later than **fourteen (14) calendar days** from the date of the Suspension Direction.

Reactivation Terms and Conditions

10. Following the Suspension Direction, prior to the Manager considering a request to reactivate, Blue Sky must fully comply with the requirements in clauses 1 – 3 of this Order.
11. Blue Sky must submit a Reactivation Plan to the Manager for review and approval. The Reactivation Plan must include detailed actions, and timelines for safe reactivation of the Sites, including verifying the integrity of Blue Sky's wells and pipelines prior to resumption of operation.
12. Blue Sky must implement the Reactivation Plan as approved by the Manager. The Manager will advise Blue Sky if the Reactivation Plan is complete or requires changes. Blue Sky will be required to submit any outstanding elements to the AER, or provide additional information to the AER, until the AER advises that the Reactivation Plan is complete.

General and Reporting

13. Unless otherwise indicated, all information required in this Order should be submitted to

kaitlin.szacki@aer.ca and to temple.price@aer.ca.

14. All submissions required in complying with this Order must be made in the format and to the applicable AER system, as required by AER regulations or the Manager.
15. Where a deadline or reporting frequency has been specified in this Order, the Manager may authorize in writing a different deadline or frequency as applicable. Requests for extensions to deadlines must be made in writing to the Manager prior to the deadline.
16. If requested by the Manager, Blue Sky shall submit, within **two (2) business days**, any records or information pertaining to this Order.
17. In carrying out the requirements in this Order, Blue Sky shall obtain and comply with all required federal, provincial, or municipal permits and governing legislation and provide to the AER all authorizations obtained upon request by the AER.
18. All applicable regulatory requirements are to be followed and complied with in the undertaking of any actions or directions prescribed in this Order.
19. Failure by Blue Sky to fulfill the requirements in this Order to the satisfaction of the Manager may result in a further enforcement response.

Dated at the City of Calgary in the Province of Alberta, the 31st day of July, 2025.

Kaitlin Szacki

Manager, Orphaning & Insolvency, Regulatory Compliance

Alberta Energy Regulator

In complying with this order, the party or parties named must obtain all approvals necessary, notwithstanding the above requirements.

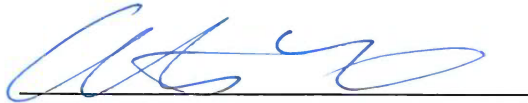

This order in no way precludes any enforcement actions being taken regarding this matter under the *OGCA*, *OGCR*, the *Pipeline Act*, or any other provincial or federal legislation, or by any other regulator with jurisdiction.

Under the *Responsible Energy Development Act*, an eligible person may appeal decisions that meet certain criteria. Eligible persons and appealable decisions are defined in section 36 of the *Responsible Energy Development Act* and section 3.1 of the *Responsible Energy Development Act General Regulation*. If you wish to file a request for regulatory appeal, you must submit your request according to the AER's requirements. You can find filing requirements and forms on the AER website, www.aer.ca, under Applications and Notices: Regulatory Appeal Process.

File No. 101988-00025

AFFIDAVIT OF ILYAS CHAUDHARY

Sworn on October 8, 2025.

I, ILYAS CHAUDHARY, of Santa Anna, California, SWEAR AND SAY THAT:

1. I am the sole director and the President of Blue Sky Resources Ltd. ("**Blue Sky**"). I am responsible for oversight of the accounting, engineering, production, land, compliance, and M&A staff. As such I have personal knowledge of the matters hereinafter deposed to except where stated to be based upon information and belief, in which case I believe the same to be true.

Background

2. Blue Sky is an oil and gas exploration company with assets in Alberta and British Columbia ("**BC**"). The Chaudhary Family Trust is the sole beneficial owner of Blue Sky, although ten percent of Blue Sky's shares are held through a company that I own named Blue Sky International Holdings, Inc..

My wife and I are the trustees of the Chaudhary Family Trust Attached hereto as **Exhibit "A"** is a copy of the Alberta Corporate Registry Search for Blue Sky, dated September 19, 2025.

3. As at October 4, 2025 Blue Sky employs 19 employees, and 23 contractors, including 15 contractors for field operations.

4. Below is a table setting out Blue Sky's licenses and working interests in oil and gas assets in Alberta, BC and Saskatchewan BC (including abandoned wells):

	AB	BC	SK	Total
Operated Wells	3,383	252	16	3,651
Non-Operated Wells	3,013	411	681	4,105
Total Wells	6,396	663	697	7,756
Licensed Pipelines	156	2,410	0	2,566
Licensed Facilities	683	62	3	748

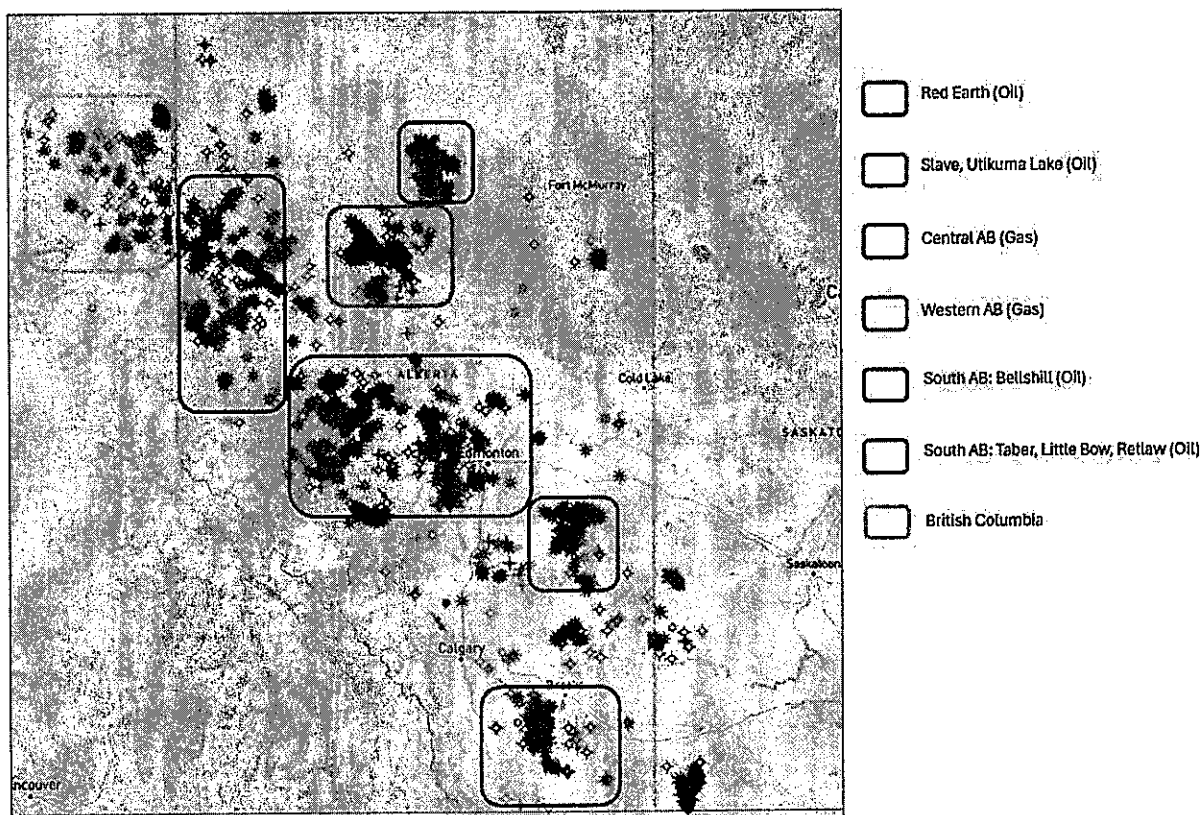

5. As at October 1, 2025, Blue Sky has daily oil and gas production of 2,850 boe/d, which is approximately 62%:38% gas-to-oil ratio.

6. As is discussed further below, about 600 boe/d of production was shut-in on or around May 30th as a result of forest fires in the Red Earth, Slave Lake and Utikuma Lake regions. Blue Sky has been unable to reactivate most this production, in part, due to its current financial difficulties.

7. The table below sets out Blue Sky's daily production by area, and the map below illustrates the geographic location of each of Blue Sky's producing areas.

Area	Production (boe/d)
Red Earth	299
Slave, Dawson, Nipisi	71
Utikuma Lake	35
Central Alberta (Columbia)	2
Central Alberta (Pass Creek)	466
Central Alberta (other)	761
Western Alberta	629

South Alberta	267
British Columbia (Boundary L.)	230
British Columbia (other)	91
Total	2,850

8. Blue Sky's net abandonment and reclamation obligations ("**ARO**") are estimated to be \$196,979,900 in Alberta, \$ 15,603,859 in BC and \$ 361,656 in Saskatchewan.

Blue Sky's Liabilities

The Secured Loan Agreement

9. Pursuant to a credit agreement dated July 24, 2024 between Blue Sky, as borrower, and ACES Canada SPV III ULC, as agent for a group of lenders (collectively, the "**Secured Lenders**" and such agreement being the "**Credit Agreement**"), the Secured Lenders advanced a loan in the amount of USD \$16,250,000 (the "**Loan**") to Blue Sky. The Loan is secured against a portion of Blue Sky's oil and gas assets located in the Red Earth region (the "**Secured O&G Assets**").

10. The Secured Lenders registered their security at the Alberta Personal Property Registry ("PPR"), and as against certain of Blue Sky's mineral leases. Attached hereto as **Exhibit "B"** is a copy of a search result of the PPR in respect of Blue Sky dated September 24, 2025.

11. In accordance with the terms of the Credit Agreement, Blue Sky's repayment obligations have been satisfied by providing the Secured Lenders with the monthly revenue generated from the sale of 250 barrels of oil per day of production, "in kind", from the Secured O&G Assets.

12. As of the date of this affidavit, Blue Sky is current on its financial obligations under the Credit Agreement. The aggregate of the repayment obligations owing under the Credit Agreement is approximately USD \$20 million, on an undiscounted basis. To date, Blue Sky has paid the Secured Lenders approximately \$9,650,987 million in respect of the Loan.

Unsecured indebtedness

13. As of September 24, 2025 (being the date that Blue Sky filed its Notice of Intention to Make a Proposal), Blue Sky owed unsecured obligations of approximately \$25,000,000. These obligations mainly relate to arrears owing to various vendors, service providers as well as surface lease obligations owing to land owners. A copy of the creditor list that was circulated as part of Blue Sky's creditor package (the "**Creditor List**") is attached hereto as **Exhibit "C"**. Note that the Creditor List also includes the secured obligations owing to the Secured Lenders under the Credit Agreement.

Statutory and regulatory obligations

14. Blue Sky owes the following amounts in respect of statutory and regulatory obligations:

- (a) \$817,972.91 to the Alberta Energy Regulator ("**AER**") in respect of outstanding levies;
- (b) \$8,592,583 to the AER for additional security deposits;
- (c) Approximately \$2.5 million to various municipalities for municipal tax arrears;
- (d) Approximately \$800,000 to the Canada Revenue Agency for GST and corporate tax arrears;
- (e) \$1,872,563.84 for gas royalties;
- (f) \$1,858,621 to the BC Crown owing in respect of oil, gas and carbon tax royalties; and

- (g) \$262,412.13 to the BC Energy Regulator in respect of outstanding orphan and pipeline levies.

The Financial Difficulties

15. Blue Sky's financial difficulties began in September of 2024, and have been caused by several contributing factors, namely:

- (a) On September 3, 2024, the AER issued a reasonable care and measures order (the "**RCAM Order**") to Blue Sky in response to releases that had occurred from pipelines licensed to Blue Sky (some of which occurred prior to Blue Sky acquiring the pipeline), and in response to concerns that had been raised regarding Blue Sky's pipeline integrity program. Under the RCAM Order, Blue Sky was required to, among other things, complete delineation of one of the releases, provide a risk assessment to the AER for all of Blue Sky's pipelines, develop a plan to identify all risks in its pipelines, and address and rectify all non-compliances identified by the AER. Blue Sky estimated that the costs associated with performing the requirements of the RCAM Order would be approximately \$3,000,000.
- (b) The AER required Blue Sky to perform approximately \$8,000,000 of abandonment and reclamation work on its inactive well inventory during 2024, which reduced Blue Sky's available cash flow.
- (c) Beginning in February of 2025, natural gas prices dropped substantially, which has adversely affected Blue Sky's revenue, given that it is a gas-weighted E&P company;
- (d) Forest Fires in northern Alberta required Blue Sky to shut in approximately 600 boe/d of production. As a result of fire damage and vandalism to Blue Sky's equipment, Blue Sky has been unable to reactivate most of this shut-in production, which has significantly impaired Blue Sky's ability to generate revenue.

16. On July 31, 2025, the AER issued an Order (the "**Security Order**") under section 27 of the *Oil and Gas Conservation Act*, sections 1.120, 1.130, and 1.220 of the *Oil and Gas Conservation Rules*, and section 23 of the *Pipeline Act* requiring Blue Sky to post a security deposit in the amount of \$10,092,583 ("**Security Deposit**"), to be paid over two equal installments due on August 31, 2025 and January 31, 2026. A copy of the Security Order without the Appendix is attached hereto as **Exhibit "D"**.

17. Subsequent to the Security Order being issued, I negotiated with the AER that the first installment of the Security Deposit could be spread out over several payments. Ultimately, the AER agreed to allow the first installment of the Security Deposit to be paid as follows:

- (a) \$1,500,000 to be paid by August 31, 2025;
- (b) \$1,750,000 to be paid by September 30, 2025; and
- (c) \$1,750,000 to be paid by October 30, 2025.

18. On August 31, 2025, Blue Sky paid \$1,500,000 to the AER toward satisfaction of the Security Deposit.

19. On September 10, 2025, the AER issued a garnishment notice to Blue Sky's working interest partners, requiring them any amounts owing to Blue Sky (up to \$817,972.91) directly to the AER for arrears owing in respect of the orphan fund levy.

20. By mid-September, it was clear that Blue Sky would not be able to satisfy its payment for the Security Deposit owing to the AER on September 30, 2025, while also maintaining sufficient funds to ensure the safe operation of its oil and gas assets. As a result, on September 24, 2025, Blue Sky filed a notice of intention to make a proposal under Part III of the *Bankruptcy and Insolvency Act* (the "NOI"). KSV Restructuring Inc. is the proposal trustee (the "**Proposal Trustee**") for Blue Sky under these restructuring proceedings (the "**NOI Proceedings**"). Attached hereto as **Exhibit "E"** is a copy of the certificate of filing for the NOI.

Transaction with Blue Sky Global Energy Corp.

21. As a result of Blue Sky's financial difficulties, Blue Sky executed a letter of intent dated April 15, 2025, for the sale of Blue Sky's 50% interest in its oil and gas assets located in BC (the "**BC Assets**") to Blue Sky Global Energy Corp., which is a publicly traded company listed on the TSX-V under the stock symbol BGE, and on September 19, 2025, changed its name to Saba Energy Ltd. ("**Saba**"). Attached hereto as **Exhibit "F"** is a copy of a search result from Alberta's corporate registry in respect of Saba.

22. The Chaudhary Family Trust is a shareholder of Saba.

23. The purpose divesting of the BC Assets was to reduce the Blue Sky's ARO, since the transaction would remove 663 well licenses, 2,410 pipeline licenses and 62 facility license from Blue Sky's inventory.

24. Blue Sky sold the BC Assets to Saba for a purchase price of \$13,000,000.00 (the "**Purchase Price**"), pursuant to a purchase and sale agreement dated June 25, 2025 as amended by an amending agreement dated July 14, 2025, and further amended pursuant to an amending agreement dated October 7, 2025 (the "**BC PSA**", and such transaction being the "**BC Transaction**").

25. The amending agreement dated October 7, 2025 was entered into for the purpose of altering Saba's payment obligations for the Purchase Price, in order to ensure that Blue Sky maintains its pre-filing cash flow through the NOI Proceedings.

26. Under the terms of the BC PSA, as amended, Blue Sky will retain all production revenue from Blue Sky's 50% interest in the BC Assets being sold in the BC Transaction until such time as the licenses for the BC Assets are transferred from Blue Sky to Saba by the British Columbia Energy Regulator ("**BCER**"). Once the BCER has transferred the licenses (and the associated ARO) to Saba, production revenue from the BC Assets will be split 60:40 as between Saba and Blue Sky.

27. The net production revenue received by Blue Sky from the BC Assets will be applied toward satisfaction of the Purchase Price until the Purchase Price is paid in full.

Administration Charge

28. Blue Sky requires the assistance of counsel and the Proposal Trustee to work through these proceedings and without their continued involvement, Blue Sky will not be able to restructure its affairs. I understand that given Blue Sky's insolvency, providing such professionals with security for the payment of their fees will be necessary for their involvement in the NOI Proceedings.

29. Blue Sky therefore requests a priority charge in the amount of \$500,000 be granted in accordance with the section 64.2 of the BIA in respect of the fees and disbursements of Blue Sky's legal counsel, the Proposal Trustee and its legal counsel, ranking ahead of all other creditors (the "**Administration Charge**").

30. I understand that the Proposal Trustee supports the approval of the Administration Charge.

Extension of Time to Make a Proposal

31. The time to file a proposal expires on October 24, 2025. In order to continue to work towards the formulation and filing of a proposal, Blue Sky requests an extension of the time for filing to November 9, 2025, in accordance with section 50.4(9) of the BIA.

32. Since the NOI was filed, Blue Sky has taken the following steps:

- (a) communicated with various vendors regarding the NOI Proceedings;
- (b) communicated with working interest partners to ensure Blue Sky receives payment for production revenue;
- (c) paid all post-filing obligations that have come due and payable;
- (d) communicated with the AER regarding its expectations for regulatory compliance during the NOI Proceedings;
- (e) communicated with the BCER regarding license transfers;
- (f) downsized staff to reduce overhead costs; and
- (g) worked with the Proposal Trustee to prepare and file its cashflow projections.

33. Blue Sky has acted in good faith and with due diligence since the NOI was filed and will likely be able to make a viable proposal if the extension applied for were granted.

34. To the best of my knowledge, information and belief, none of Blue Sky's creditors will be materially prejudiced if this Honourable Court grants the extension sought.

35. Blue Sky has prepared a 13-week cash flow forecast, which projects a positive cash position at its conclusion, subject to receiving interim financing during the week of November 9, 2025. Attached hereto as **Exhibit "G"** is a copy of Blue Sky's cash flow forecast.

36. Blue Sky is currently exploring options for interim financing to fund its restructuring proceeding. Blue Sky has scheduled time before the Honourable Justice Nielson on November 7, 2025 in anticipation of seeking approval of interim financing, a corresponding interim financing charge, and approval of a sale and solicitation process.

37. I was not physically present before the Commissioner of Oaths when swearing this affidavit, but was linked with the Commissioner of Oaths utilizing video technology, and we utilized the process for remote commissioning of affidavits set out in the Court of Queen's Bench's (as it then was) Notice to the Profession and Public dated March 25, 2025 for swearing and commissioning this affidavit.

38. I make this Affidavit in support of an application for an Order (i) approving the Administration Charge, and (ii) extending the time to file a proposal.

SWORN BEFORE a lawyer in and for the
Province of Alberta at the City of Calgary, by
two-way video conferencing with the deponent
who was attending from Santa Anna,
California, this 8th day of October, 2025.

Commissioner of Oaths and Notary Public
in and for the Province of Alberta

12

Made at Calgary, in the Province of
Alberta, on

July 31, 2025

ALBERTA ENERGY REGULATOR

Under section 27 of the *Oil and Gas Conservation Act (OGCA)*, sections 1.120, 1.130, and 1.220 of the *Oil and Gas Conservation Rules (OGCR)*, and section 23 of the *Pipeline Act*.

Blue Sky Resources Ltd.

800, 215 – 9 Avenue S.W.

Calgary, AB T2P 1K3

(Blue Sky, or the Licensee)

WHEREAS Blue Sky is the holder of business administration code A7XK, and holds well, facility, and pipeline licences granted by the Alberta Energy Regulator (AER, or the Regulator) under the *OGCA* and the *Pipeline Act* (collectively, the Licences);

WHEREAS there is physical infrastructure associated with the Licences, including wells, well sites, facilities, facility sites and pipelines (collectively, the Sites) and whereas Blue Sky is the operator of the Sites as listed in Appendix 1;

Holistic Assessment

WHEREAS under section 2 of AER *Directive 088: Licensee Life-Cycle Management*, the AER will comprehensively assess a licensee (the Holistic Licensee Assessment, or HLA) to inform regulatory decisions regarding the capability of a licensee to meet its regulatory and liability obligations throughout the energy development life-cycle;

WHEREAS the HLA includes the factors listed in section 4.5 of AER *Directive 067: Eligibility Requirements for Acquiring and Holding Energy Licences and Approvals (Directive 067)*, the Licensee Capability Assessment Factors (the LCA Factors) found in section 2.1.1 of *Directive 088*, and any other factors as appropriate in the circumstances;

WHEREAS in 2024, the AER completed a HLA on Blue Sky used to inform the Reasonable Care and Measures (RCAM) Order issued on September 3, 2024;

WHEREAS the AER has continued to monitor and assess Blue Sky, as described in section 2 of *Directive 088*, for compliance and the risk posed by the licensee. The AER uses this information to inform the clauses listed below;

WHEREAS of July 18, 2025, the LCA indicates a low level of financial distress based on 2023 annual financial statements;

WHEREAS Blue Sky has a high magnitude of liability according to the LCA, an estimated \$245,495,047 of total liability;

WHEREAS Blue Sky has an estimated \$149,483,204 inactive liability, equal to 60% of Blue Sky's estimated total liability;

WHEREAS Blue Sky's peer group, Junior-Mixed (as described in Manual 23), has an average inactive liability ratio of 39%;

WHEREAS Blue Sky's inactive liability has increased by approximately \$12 million between July 2024 and July 2025, equal to 8.8% annual inactive liability growth;

WHEREAS Blue Sky has an estimated medium crossover timeline, which is the estimate of the timeframe when magnitude of inactive liability will exceed the forecasted operating cash flow from remaining proven, developed reserves. Manual 23 describes a medium crossover timeline as 3 to 7 years;

WHEREAS Blue Sky has a tier 2 ranking for the closure LCA factor;

WHEREAS Blue Sky's number of abandonments completed has decreased annually for wells, facilities and pipelines, according to the Closure Activity Summary tableau report;

WHEREAS Blue Sky failed to meet the assigned 2025 Mandatory Closure Spend Quota and was required to pay a security deposit. Blue Sky submitted a security deposit of \$1,076,321.00 to the AER on May 14, 2025;

WHEREAS of July 18, 2025, 55.8% of Blue Sky's 918 inactive wells are considered noncompliant with *Directive 013: Suspension Requirements for Wells (Directive 013)*;

WHEREAS of July 18, 2025, of the 918 inactive wells, 170 have been inactive for 20 years or more;

WHEREAS of July 18, 2025, of the 170 wells that have been inactive for more than 20 years, 134 are noncompliant with *Directive 013* and have an estimated total liability of \$10,092,583;

WHEREAS of July 18, 2025, Blue Sky is not a member in good standings with the Western Canadian Spill Services (WCSS);

WHEREAS Blue Sky's 2025 satisfactory field inspection ratio, based on 39 inspections, is 41%. The industry average during this period is 73%;

Financial Health

WHEREAS the 2025 Orphan Fund Levy (OFL) amount assigned to Blue Sky, \$1,068,688.32, was due on May 1, 2025;

WHEREAS on May 20, 2025, Blue Sky requested an extension for the payment of the 2025 OFL to August 29, 2025. The AER responded with required information that Blue Sky would need to provide for AER's consideration;

WHEREAS on May 28, 2025, the AER received a payment of \$441,904.33, which was applied to the outstanding OFL balance;

WHEREAS on June 9, 2025, the AER reminded Blue Sky to submit the required information to be considered for a payment plan. Blue Sky stated they were no longer submitting a payment plan. As a result, no extension was granted;

WHEREAS of June 30, 2025, the AER was aware that Blue Sky has municipal tax arrears of approximately \$2.7 Million;

WHEREAS of July 18, 2025, Blue Sky has an outstanding 2025 OFL balance of \$604,235.25;

WHEREAS of July 18, 2025, Blue Sky has not submitted audited annual financial statements as required in section 5 of *Directive 067*;

WHEREAS on July 25, 2024, Blue Sky provided the AER with draft annual financial statements. These financial statements indicate an increased level of financial distress;

WHEREAS the overdue audited financial statements mentioned above prevents the AER from assessing Blue Sky's financial level of distress as described in *Directive 088*;

Regulatory Action

WHEREAS on July 18, 2024, the AER issued the Environmental Protection Order (EPO) for the release incident number 20241592;

WHEREAS Blue Sky was placed on limited license eligibility on September 3, 2024, due to a determination by the AER that Blue Sky posed an unreasonable risk under section 4.5 of *Directive 067*;

WHEREAS on September 3, 2024, the AER issued the RCAM Order to address growing concerns surrounding Blue Sky's operations;

WHEREAS on November 5, 2024, the AER issued a failure to comply letter to Blue Sky for not meeting commitments made in the remediation plan in relation to the EPO;

WHEREAS on May 8, 2025, the AER issued a failure to comply letter to Blue Sky for not meeting commitments made in the remediation plan in relation to the EPO;

WHEREAS on June 10, 2025, the AER issued a failure to comply letter to Blue Sky for not addressing outstanding noncompliances as required in clause 6 the RCAM Order;

Manager's Assessment

WHEREAS Kaitlin Szacki, Manager, Orphaning and Insolvency, Regulatory Compliance Branch, (the Manager) has the authority to issue orders under the *OGCA*, *OCGR*, and the *Pipeline Act*;

WHEREAS the manager considered Blue Sky's HLA with a focus on the following LCA factors: Blue Sky's high magnitude of liability, Tier 3 ranking in remaining lifespan of resources, and high inactive liability ratio;

WHEREAS the Manager is of the opinion that Blue Sky's level of financial distress is increasing based on outstanding Municipal taxes, outstanding OFL balance, and overdue annual financial statements;

WHEREAS the manager also considered Blue Sky's Limited Eligibility Status per Directive 067 unreasonable risk findings;

WHEREAS the Manager is of the opinion that Blue Sky is at risk of not meeting its future end-of-life closure obligations, and it is appropriate to require Blue Sky to provide a security deposit to offset the estimated costs of abandoning and reclaiming a well or facility and of carrying out any other activities necessary to ensure the protection of the public and the environment;

WHEREAS if a licensee fails to provide a security deposit as required under section 1.120 or 1.130 of the *OGCR*, the Regulator may direct that the operations of the licensee be suspended until the security deposit is provided;

WHEREAS under the *OGCA*, a licensee shall suspend a well or facility when directed by the Regulator or required by the regulations and rules;

WHEREAS under the *Pipeline Act*, a licensee shall discontinue a pipeline when directed by the Regulator or required by the rules;

Therefore, I, Kaitlin Szacki, Under section 27 of the *Oil and Gas Conservation Act (OGCA)*, sections 1.120, 1.130, and 1.220 of the *Oil and Gas Conservation Rules (OGCR)*, and section 23 of the *Pipeline Act*, do hereby order the following:

Security

1. Blue Sky must post a security deposit as described in the payment plan below, in accordance with section 4 of *Directive 068: Security Deposits* in the amount of \$10,092,583.
 - a. **Due August 31, 2025:** 50 percent of the total amount, \$5,046,291.50, must be deposited to the AER.
 - b. **Due January 31, 2026:** The remaining 50 percent, \$5,046,291.50, must be deposited to the AER.
2. Failure to pay by the deadlines will result in the immediate suspension/discontinuation of Blue Sky's operations, as described below.

3. Blue Sky must provide written confirmation to the Manager when the security deposits have been posted.

Suspension/Discontinuation (if the deadlines outlined for clauses 1 are not met)

4. Should Blue Sky fail to meet any of the deadlines for security deposits in clause 1, direction will be issued in the form of a letter by the Manager (the Suspension Direction) to suspend/discontinue all the wells, facilities and pipelines listed in Appendix 1 until otherwise authorized by the Manager.
5. All wells and facilities listed in Appendix 1 must be suspended in a manner following safe industry practices and acceptable to the AER, and the status updated in the appropriate AER system no later than **fourteen (14) calendar days** from the date of the Suspension Direction.
6. All pipelines listed in Appendix 1 must be discontinued following safe industry practices and in accordance with the Pipeline Act and the Pipeline Rules no later than **fourteen (14) calendar days** from the date of the Suspension Direction.
7. Blue Sky shall ensure that any containment devices or equipment, including, but not limited to, tanks, vessels, pipelines, lease piping, sumps, drains, tubs, containers, pits or containment rings on any of the Sites must be depressurized, emptied (with all fluids removed from the site and disposed of in a manner acceptable to the AER) and rendered safe according to AER rules and regulations no later than **fourteen (14) calendar days** from the date of the Suspension Direction.
8. On the issuance of the Suspension Direction, any hazards on the Sites that present a risk to public safety, or the environment must be immediately reported to the AER and addressed in a manner and timeframe acceptable to the AER.
9. Blue Sky must confirm in writing that the above suspensions and discontinuations have occurred, and all containment devices have been emptied, no later than **fourteen (14) calendar days** from the date of the Suspension Direction.

Reactivation Terms and Conditions

10. Following the Suspension Direction, prior to the Manager considering a request to reactivate, Blue Sky must fully comply with the requirements in clauses 1 – 3 of this Order.
11. Blue Sky must submit a Reactivation Plan to the Manager for review and approval. The Reactivation Plan must include detailed actions, and timelines for safe reactivation of the Sites, including verifying the integrity of Blue Sky's wells and pipelines prior to resumption of operation.
12. Blue Sky must implement the Reactivation Plan as approved by the Manager. The Manager will advise Blue Sky if the Reactivation Plan is complete or requires changes. Blue Sky will be required to submit any outstanding elements to the AER, or provide additional information to the AER, until the AER advises that the Reactivation Plan is complete.

General and Reporting

13. Unless otherwise indicated, all information required in this Order should be submitted to

kaitlin.szacki@aer.ca and to temple.price@aer.ca.

14. All submissions required in complying with this Order must be made in the format and to the applicable AER system, as required by AER regulations or the Manager.
15. Where a deadline or reporting frequency has been specified in this Order, the Manager may authorize in writing a different deadline or frequency as applicable. Requests for extensions to deadlines must be made in writing to the Manager prior to the deadline.
16. If requested by the Manager, Blue Sky shall submit, within **two (2) business days**, any records or information pertaining to this Order.
17. In carrying out the requirements in this Order, Blue Sky shall obtain and comply with all required federal, provincial, or municipal permits and governing legislation and provide to the AER all authorizations obtained upon request by the AER.
18. All applicable regulatory requirements are to be followed and complied with in the undertaking of any actions or directions prescribed in this Order.
19. Failure by Blue Sky to fulfill the requirements in this Order to the satisfaction of the Manager may result in a further enforcement response.

Dated at the City of Calgary in the Province of Alberta, the 31st day of July, 2025.

Kaitlin Szacki

Manager, Orphaning & Insolvency, Regulatory Compliance
Alberta Energy Regulator

In complying with this order, the party or parties named must obtain all approvals necessary, notwithstanding the above requirements.

This order in no way precludes any enforcement actions being taken regarding this matter under the *OGCA*, *OGCR*, the *Pipeline Act*, or any other provincial or federal legislation, or by any other regulator with jurisdiction.

Under the *Responsible Energy Development Act*, an eligible person may appeal decisions that meet certain criteria. Eligible persons and appealable decisions are defined in section 36 of the *Responsible Energy Development Act* and section 3.1 of the *Responsible Energy Development Act General Regulation*. If you wish to file a request for regulatory appeal, you must submit your request according to the AER's requirements. You can find filing requirements and forms on the AER website, www.aer.ca, under Applications and Notices: Regulatory Appeal Process.

Management of Blue Sky Resources Ltd. ("Blue Sky" or the "Company") has prepared this forecasted cash-flow statement (the "Cash Flow Forecast") based on probable and hypothetical assumptions detailed in Notes 1 to 7. The Cash Flow Forecast has been prepared solely for the purpose of supporting the Notice of Intention to Make a Proposal ("NIP") filed by the Company on September 24. As such, readers are cautioned that it may not be appropriate for their purposes. The Cash Flow Forecast of the Company is prepared in accordance with the provisions of the Bankruptcy and Insolvency Act and should be read in conjunction with the Trustee's Report on the Cash-Flow Statement.

Dated at the City of Calgary in the Province of Alberta, this 3rd day of October 2025.

Notes to the Cash Flow Forecast
September 24, 2025 to December 31, 2025

Note 1: Reflects the Company's cash receipts, not of a take-in-kind credit agreement with the Company's secured lender.

Note 2: Reflects payroll costs for the Company's operating employees.

Note 3: Reflects production and operating expenses including trucking, utilities, mineral and surface leases, repair and maintenance.

Note 4: Represents occupancy costs for the Company's head office and camp locations.

Note 5: Reflects payroll costs for the Company's head office employees and contractors.

Note 6: Reflects the Company's miscellaneous admin costs including insurance.

Note 7: The Cash Flows Forecast reflects the Company obtaining interim financing and will draw on the balance available to fund operations and the permitting process (as necessary).
