ENDORSEMENT OF JUSTICE DUNPHY:

- [1] The United States case is advancing but the final DIP order has not yet been made. Accordingly, I am only being asked to approve a further interim order with the Final DIP order expected to be issued in a few days.
- [2] I have received an update on the restructuring generally. I have been assured that post-filing creditors of the Canadian debtor will be treated in the United States bankruptcy process without discrimination and will be paid in accordance with the United States process and are provided for in the DIP which has been approved (interim for now, final expected next week).
- [3] I was further informed that the sale process has not yet surfaced a purchaser of the Canadian business although discussions are on-going. The Information Officer has been monitoring cash flows from the Canadian debtor carefully.
- [4] I have approved the further interim order for the purposes of the Canadian proceeding.
