ENDORSEMENT OF JUSTICE:

- [1] This is a motion of the foreign representative seeking approval of the second recognition order. This court has already found the United States proceeding to be the appropriate forum for the bankruptcy proceeding of this related group of companies including the Canadian subsidiary. I have previously approved the recognition of certain interim orders and am now approving recognition of the final versions of the initial orders.
- [2] In cases such as these, having already determined that another court is the appropriate forum to take carriage of this bankruptcy proceeding, our role is intentionally secondary. The foreign proceeding need not be identical to our own providing that it is broadly similar in substance. That remains the case today. There have been no objections to my recognition of these orders and it appears appropriate in the circumstances for me to continue to assist the United States court with this recognition order and I am doing so.

A handwritten signature in black ink, appearing to read 'Sean Dunphy', is written over a horizontal line.
